Our Story

Born from New York City's industrial roots and creative spirit, Watermark Designs creates signature collections that transform spaces and perspectives. For more than five decades, we have defined the art of luxury plumbing, bathroom accessories, and architectural hardware, uniting timeless craftsmanship with modern innovation.

Each piece is conceived, crafted, and customized in our Brooklyn factory, where artisans, engineers, and designers work together to achieve precision and beauty. Beyond our in-house creations, we collaborate with leading architects and interior designers to develop exclusive collections that bring their creative visions to life, a testament to our belief that great design is a shared endeavor.

Our collections are featured in some of the world's most exclusive residences, hotels, and high-rises, including the Ritz-Carlton Shanghai, NoMad Hotel New York, and Eden Roc Miami Beach. Each project showcases Watermark's unmistakable quality and craftsmanship.
